Rules

This document serves as a resource for the rules regarding Aethel's Discord.

General

1. Respect others' freedom of speech.	However, freedom of speech doesn't mean freedom from consequence. You're still liable for what you say.
2. Treat others how you'd want to be treated.	Play nice with people, and they'll do the same for you.
3. Don't harass people.	If you make others feel uncomfortable, administrators have the right to remove you.
4. Don't post NSFW.	This applies to all media, which includes emotes, stickers, and gifs in chat.
5. Don't give anyone a reason to enforce the rules.	Self-explanatory.
